Review from milgard.com -

These windows are excellent. The clean, contemporary look updates our home style and certainly adds value. Here in Arizona the insulating value over our old aluminum windows is significant. In October, our first full month with the new Milgard Style Line windows, our air conditioning bill dropped \$50 from the previous October. We love them. - Scottsdale, AZ

Why Milgard?

Milgard is one of the largest and most trusted names in windows and doors. For the last 50 years, we've demonstrated our commitment to innovation, quality and service. To ensure top quality from start to finish, Milgard begins by extruding our own vinyl components and fabricating all vinyl windows and doors to order, giving us the tightest control over quality.

While our coverage is extensive, our service is local. Milgard has multiple locations throughout the western U.S. Our belief is that by being close to our customers, we can provide them better service. This means faster lead and delivery times, as well as faster response to any warranty situations. We're there for you long after the job has been completed. Milgard also has a comprehensive network of qualified dealers and offers them some of the best training in the industry.

Milgard Full Lifetime Warranty

Milgard Style Line® Series vinyl windows and doors are designed and assembled in the U.S.A. and we build them to last. With the dedication to quality that we put into building the best windows in the business, it wouldn't make sense to back them with anything but the best warranty in the business. That's why we back every properly installed window and door for as long as the homeowner owns their home—including materials and labor. Milgard also offers a 10-year Commercial Warranty. It's why you can be sure you won't find any windows better than Milgard. For complete warranty details, visit milgard.com.

Hassle-free Installation

Style Line Series windows can be manufactured with the specific frame profile for your replacement or new construction project, giving the flexibility your installer requires.

Installation Configurations

Block Frame

Enables quick "tilt-in" installation with almost no disruption to siding or interior trim casework.

Nailing Fin

Perfect for home additions and remodeling where siding or stucco is removed.

Z-bar

Integrated window trim that makes replacing windows on stucco homes fast and easy, reducing the possibility of costly repairs.

Style Line Series windows with Z-bar

All Your Needs are Covered

- Worry-free vinyl construction that won't corrode and does not need painting.
- Custom sizes built to your exact specifications with no extra lead time.
- Positive Action Lock that assures you when the window is closed, it's locked.
- Optional Comfort Package upgrade to maximize efficiency and durability. (see page 11)
- Seemingly endless combinations of windows, doors, and transoms in any array you can imagine.
- Style Line Series windows are specifically designed for both new construction and replacement projects, plus they are a great choice for multi-family buildings.
- The standard dual-pane construction provides more noise control than single-pane windows, giving you more peace and quiet.

Choose the style or configuration that best suits your home's style and architectural needs.

Windows are shown with optional grids. Check with your local Milgard Dealer for available grid styles.

Style Line Series gives you design flexibility with eight premium and two standard exterior colors.

Standard
Matching interior

Premium
White interior only

Review from milgard.com -

The product line is beautiful, with slim frames and smooth mechanisms. They control heat loss/transfer and I hear NOTHING when cars pass by. The sound insulation quality has exceeded expectations. I have casement and horizontal sliders and they both operate effortlessly. The overall design of this product is brilliant, tight, smart, elegant and designed for a very fussy buyer/homeowner.

-Palm Springs, CA

Decorative Glass

Decorative glass can add privacy or design to any room. The decorative glass of your choice can be tempered, which turns it into safety glass for applications such as a shower or over a bathtub. Decorative glass is available in these and many more styles and tints.

Positive Action Lock

With its simple operation, the Milgard Positive Action Lock is window hardware you can count on to perform. Made to close and lock the window securely in one action, it eliminates any guessing. If the window is closed, it's locked. Plus, it meets and exceeds the toughest residential forced entry codes in the nation, making your windows beautiful and safer.

Casement and Awning Hardware

The operating hardware for casement and awning styles is an innovative folding handle that tucks out of the way with the locking hardware designed for smooth, easy-to-operate action.

Colors shown are approximate due to printing limitations.

Windows and Doors for the Energy-Conscious Homeowner

At Milgard, we help homeowners make an impact on their energy consumption through our energy-efficient windows and patio doors. Leaky and inefficient windows, skylights and doors account for poor insulation and higher energy usage in households. Energy loss can happen in two ways and a lot depends on where you live:

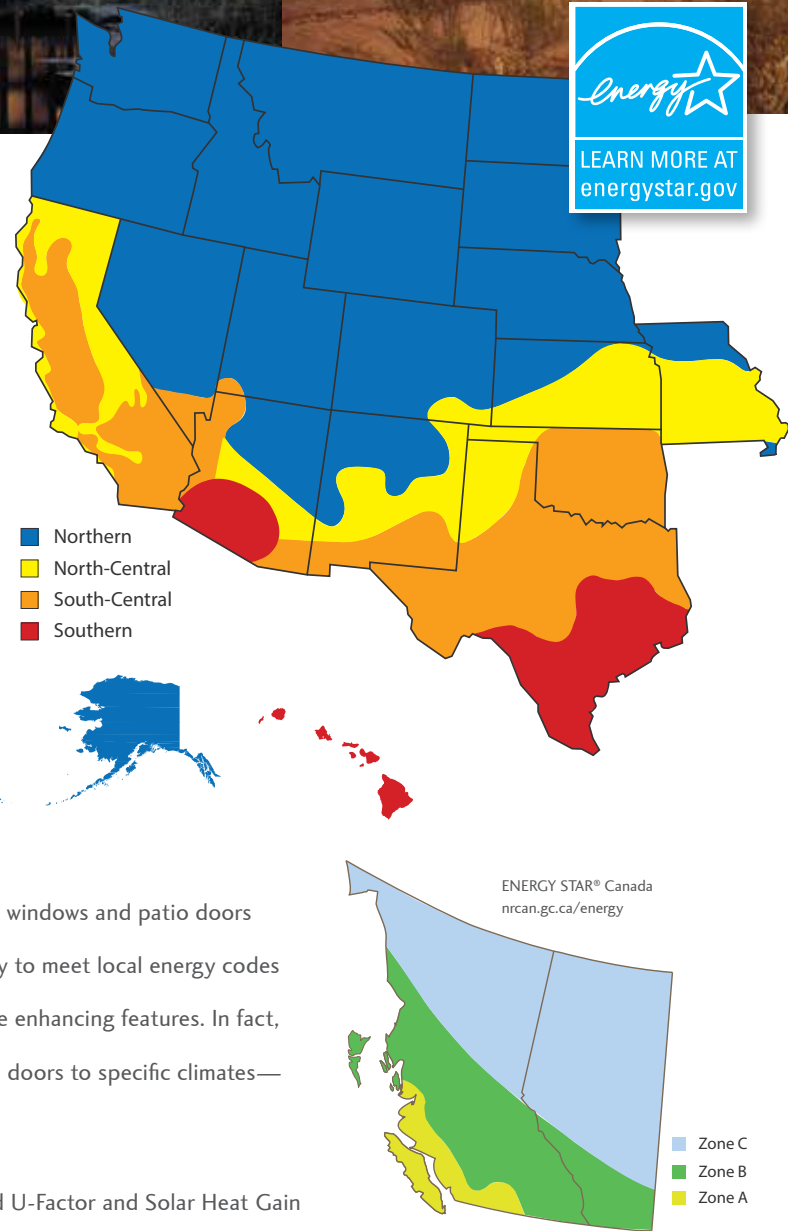

- Cold climates lose energy in the form of heat
- Hot climates lose energy in the form of cooling

Tested and Built for Your Climate

All Milgard windows and patio doors are designed to meet tough thermal and solar requirements of state and local jurisdictions.

We conduct thermal simulations to improve energy performance in our windows and patio doors so our consumers can enjoy a more comfortable home. We make it easy to meet local energy codes and green building efficiency standards with a selection of performance enhancing features. In fact, Milgard has options available to tailor the components of windows and doors to specific climates—perfectly matching the product to your region's energy needs.

Milgard adheres to ENERGY STAR® v6 requirements to meet or exceed U-Factor and Solar Heat Gain Coefficient (SHGC) criteria for the zones shown.

Milgard also offers high energy performance options for the ultimate in energy efficiency.

Zone	U-Factor	SHGC	Your energy efficient windows could include one or more of the following features based on your climate.
ENERGY STAR v5 Northern*	0.3	-	SunCoat® or SunCoatMAX® Low-E coatings
ENERGY STAR v6 North-Central	0.3	0.4	EdgeGuardMAX® premium spacers
ENERGY STAR v6 South-Central	0.3	0.25	Argon or Krypton gas-filled insulated glass units
ENERGY STAR v6 Southern	0.4	0.25	4th Surface - additional layer of Low-E protection
High Efficiency Package	0.27	0.32	Triple Glaze - 3 panes of glass
R5	0.20		

*Energy Star V6 Northern goes into effect January 1, 2016

Accessory Package

An optional upgrade exclusively for the Style Line Series, the Accessory Package gives you additional features that help your windows perform even better.

Weep Hole Covers

An aesthetic touch, but these help to keep the weeping system clear of debris or pests.

Pull Rail Screens

Let the fresh air in while keeping everything else out. This upgraded screen frame has an integrated pull rail that makes removing the screens easy.

Available on horizontal slider and single hung windows

Glass Breakage Coverage

Don't let life's mishaps become a hassle. With optional Glass Breakage Coverage, your broken glass will be replaced at no charge. See Full Lifetime Warranty for details.

Exclusively for the Style Line Series, the Comfort Package is an optional upgrade product and includes the following features and benefits:

Accessory Package

Adds weep hole covers and pull rail screens as described on this page.

Exclusive Milgard Energy Package

Ask your Milgard Dealer to guide you through the best energy package for your area and climate that can meet or exceed ENERGY STAR® standards.

Glass Breakage Coverage

If your glass breaks, we'll replace it at no charge.

Review from milgard.com -

We love the Style Line windows. We wanted windows that would enhance our outside view and the Style Line windows did it for us. We purchased the SunCoatMax and the Comfort Package and we are so pleased. The security feature that the Style Line has is a plus. I don't think we'll ever buy any other kind of window but Milgard.
