

E-SERIES

UNLIMITED POSSIBILITIES
TO CREATE YOUR ORIGINAL

E-SERIES WINDOWS & PATIO DOORS

The inspiration for your home can come from anywhere and with E-Series windows and patio doors from Andersen, you'll find custom colors, extensive design options and dynamic sizes and shapes to create the home you've always imagined.

Whether you're looking to make a design statement or to simply recreate a classic, E-Series products give you more freedom to use your imagination and create your personal vision of home. And like all Andersen products, they are supported by over 120 years of commitment to quality and service that can only come from one of the most trusted names in the industry. For more information, please visit andersenwindows.com/e-series.

FSB® hardware features clean lines in a satin finish for a thoroughly modern look.

Dark colors and narrow profile options on windows, patio doors and grille options offer a truly contemporary style.

MODERN STYLE MADE EASY

Modern home styles incorporate clean lines, simple forms and open floor plans. They often feature floor-to-ceiling windows or glass doors with narrow profiles to maximize light and bring the outdoors in. Explore our Home Style library to see how E-Series products can help you achieve a modern home style. Visit andersenwindows.com/stylelibrary to learn more.

DO YOU DREAM IN COLOR?

While our large selection of 50 exterior colors covers a lot of ground, inspiration comes in infinite hues. Let us match a paint chip, a photograph or a favorite work of art to bring your dream color into the light of day. Or, choose from a selection of anodized finishes for a rich, lustrous metallic appearance that cannot peel or flake and is not affected by sunlight.*

EXTERIOR COLORS

7 ANODIZED FINISHES

Design your window at
andersenwindows.com/design-tool

CUSTOM EXTERIORS OR 2-, 3- AND 4-TONE EXTERIORS

Choose a custom exterior color to get just the right color for your design. And, with our 2-, 3- and 4-tone color combinations, the sky's the limit. Mix and match up to four of our 50 exterior colors for a combination look that's all your own.

Colony white and black

EXTERIOR TRIM

Choose exterior trim in either a flat casing, brick mould or sill nosing profile to add curb appeal to your home.

2" brick mould and 1 1/2" sill nose, shown on a casement window

*Visit andersenwindows.com/warranty for details.
Printing limitations prevent exact color duplication. Please see your Andersen supplier for actual color samples.

A RANGE OF INTERIORS — INCLUDING YOURS

Our distinctive woods add uncommon flair to any room. Each wood species has its own character, grain and staining capabilities so you can select one that makes your windows stand out or one that matches with your interior decor. Our high-quality, factory-applied stains offer you convenience along with beauty. Choose from a variety of wood finishes or select one of our painted options. Or for a natural look, select our clear coat option.

INTERIOR WOOD SPECIES

FACTORY-FINISHED INTERIORS

All interior finish options are shown on pine. Naturally occurring variations in grain, color and texture of wood make each window one of a kind.

INTERIOR PAINTED OPTIONS

Available on pine.

CUSTOM INTERIORS

Need an exotic wood species to complete your home or a special finish for just the right look or to match existing woodwork? We offer custom wood species and custom stain, paint or color matching for just the right finish to your design.

*Actual wood species is either Sapele or Sipo, both non-endangered species grown in Africa, with color and characteristics similar to Central American mahoganies.

**Dark bronze and black also available on maple.

†Anodized silver is available on maple only.

Printing limitations prevent exact replication of colors and finishes. Please see your Andersen supplier for actual color and finish samples.

DESIGN VERSATILITY

Extruded aluminum's strength and versatility allow us to offer beautiful made-to-order design solutions for practically any combination of shapes and styles you can imagine. And because our exterior frame, sash and trim components utilize extruded aluminum, our products feature clean, architecturally accurate lines and details to complement your home's style.

ENERGY-SAVING GLASS

We have the glass you need to get the performance you want, including a variety of Low-E4® glass options to help control heating and cooling costs in any climate.

LOW-MAINTENANCE EXTERIORS

Baked-on silicone polyester enamel exteriors offer virtually maintenance-free performance and durability. They're warranted for 10 years against chalking and color change and for 20 years against cracking, checking, peeling, flaking, blistering and loss of adhesion.*

BUILT STRONG

E-Series windows and patio doors are made with heavy-gauge, extruded aluminum-clad wood sash and frames. Our thick cladding offers greater structural capabilities than thinner, roll-form aluminum, while providing a superior exterior finish that resists the elements of inclement weather, abrasion and impact.

BUILT FOR YEARS TO COME*

Most other window and patio door warranties end when a home is sold, but our coverage — 20 years on glass, 10 years on non-glass parts — transfers from each owner to the next. And because it is not prorated, the coverage offers full benefits, year after year, owner after owner.* So it adds real value when you decide to sell your home.

OWNER2OWNER®
LIMITED WARRANTY

BEST-IN-CLASS GLASS

Glass can affect energy efficiency more than any other part of a window or patio door — and not all glass performs the same. Some types of glass do a better job at insulating your home. Others provide greater clarity. You can even choose glass to filter out specific kinds of light. Andersen offers one of the industry’s widest arrays of glass options, enabling you to find the right choice for your climate and your home. Choose from these high-performance glass options.

GLASS		ENERGY		LIGHT	
		U-Factor How well a product prevents heat from escaping.	Solar Heat Gain Coefficient How well a product blocks heat caused by sunlight.	Visible Light Transmittance How much visible light comes through a product.	UV Protection How well a product blocks ultraviolet rays.
SmartSun™	Thermal control similar to tinted glass, with visible light transmittance similar to Low-E glass.	● ● ● ○	● ● ● ●	● ● ● ○	● ● ● ●
SmartSun with HeatLock® Coating	Applied to the room-side surface, it reflects heat back into the home and improves U-Factor values.	● ● ● ●	● ● ● ●	● ● ● ○	● ● ● ●
Low-E	Outstanding overall performance for climates where both heating and cooling costs are a concern.	● ● ● ○	● ● ● ○	● ● ● ○	● ● ● ○
Low-E with HeatLock Coating	Applied to the room-side surface, it reflects heat back into the home and improves U-Factor values.	● ● ● ●	● ● ● ○	● ● ● ○	● ● ● ○
Sun	Outstanding thermal control in southern climates where less solar heat gain is desired.	● ● ● ○	● ● ● ●	● ○ ○ ○	● ● ● ○
PassiveSun®	Ideal for northern, passive solar construction applications where solar heat gain is desired.	● ● ● ○	● ○ ○ ○	● ● ● ●	● ● ○ ○
PassiveSun with HeatLock Coating	Applied to the room-side surface, it reflects heat back into the home and improves U-Factor values.	● ● ● ●	● ○ ○ ○	● ● ● ●	● ● ○ ○
Triple-Pane with Low-E coatings on two surfaces	Three panes of glass combine with either argon gas blend or Low-E coatings to provide enhanced energy performance.	● ● ● ●	● ● ● ○	● ● ● ○	● ● ● ●
Clear Dual-Pane	High visibility with basic thermal performance.	● ○ ○ ○	○ ○ ○ ○	● ● ● ●	○ ○ ○ ○

Center of glass performance only. Ratings based on glass options as of January 2024. Visit andersenwindows.com/energystar for ENERGY STAR® map and ENERGY STAR Most Efficient information. See your Andersen supplier for unit NFRC performance data.

HEATLOCK® TECHNOLOGY

Our HeatLock coating can increase the energy efficiency of any E-Series window or patio door with Low-E4 or SmartSun glass. Applied to the room-side glass surface, it reflects heat back into the home for improved performance.

SPECIALTY GLASS

Select from our decorative glass collections or combine beveled, frosted, grooved, colored or textured glass with three caming options to create your own design. Specialty glass includes tinted glass, spandrel glass and Mapes panels as well as rain, reeded, satin etch and obscure glass options.

GLASS SPACER OPTIONS

Choose from stainless steel, black or white glass spacers to create a customized look. Add full divided light grilles and the grille spacer bar between the glass will match the selected glass spacer color.

STORMWATCH® PATIO DOORS

Andersen® E-Series patio doors are available with impact-resistant glass and structural upgrades to meet the tough building codes of hurricane-prone coastal areas. Visit andersenwindows.com/coastal for more information and see your local building code official for specific requirements in your area.

For more details on glass options, visit andersenwindows.com/glass.

DESIGNER HARDWARE* FOR HINGED DOORS **NEW!**

Our designer hardware collections are carefully curated from today's leading hardware brands. They have a luxurious look and substantial feel that can match perfectly with other hardware and accessories throughout the home. Available on Andersen® hinged, entry, and folding doors.

SCREEN OUT THE INSECTS, NOT THE VIEW

E-Series insect screens let the beauty of the outdoors in, while keeping even small insects out. Choose from a wide selection of insect screen styles, including options that blend seamlessly with your window.

TRUSCENE® INSECT SCREENS*

TruScene insect screens for windows are made with micro-fine stainless steel mesh that offers 50% greater clarity than our conventional aluminum mesh insect screens. TruScene insect screens let in 25% more fresh air;** all while keeping out unwanted small insects.

WOOD VENEER INSECT SCREENS

For a clean appearance, E-Series interior window insect screens can feature a wood veneer to blend into your window.

*TruScene wood-veneered insect screens utilize a different frame profile than other E-Series wood-veneered insect screens.

**TruScene insect screens let in over 25% more fresh air than standard Andersen fiberglass insect screens.

THE ENVIRONMENT HAS A BUSINESS PARTNER

Respect for the environment is nothing new at Andersen. For more than a century, it's been part of who we are. Our commitment to recycle and reclaim materials began simply because it was good business. Now it's part of our broader commitment to sustainability and responsible stewardship of all our resources. Andersen is committed to providing you with long-lasting,* energy-efficient windows and doors. Visit andersenwindows.com/sustainability for more information.

Andersen makes windows and doors with options that make them ENERGY STAR® certified throughout the U.S.

Andersen is a charter member of the **U.S. Green Building Council** and a strong supporter of its LEED® (Leadership in Energy and Environmental Design) National Green Building Standard rating system.
